## **DETAILED ACTION**

Claims 13-19, 23 and 24 are pending in the application.

This action is in response to applicants' amendment filed March 2, 2005. Claims 13, 16 and 19 have been amended, claims 1-12 and 20-22 have been canceled and claims 23 and 24 are newly added.

### ***Response to Amendment***

Applicant's amendments filed March 2, 2005 have been fully considered with the following effect:

1. The applicant's amendments and arguments are sufficient to overcome the 35 U.S.C. § 112, second paragraph rejections of the last office action, which are hereby withdrawn.

In view of the amendment dated March 2, 2005, the following new grounds of rejection apply:

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

2. Claims 16-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 16-18 are vague and indefinite in that it is not known what is meant by the process of preparing the optionally substituted nitrile compound of step a) from the compound of IV, where the specification teaches the process of preparing the nitrile from a compound of formula V. The indole of formula IV

must first be reduced to the indoline of formula V as described in the specification on page 10 in Scheme I and page 9, lines 16-18.

***Allowable Subject Matter***

3. Claims 13-15, 19, 23 and 24 are allowed. None of the prior art of record or a search in the pertinent art area teaches the process of preparing the 1,2,3,4,8,9,10,10a-octahydro-7bH-cyclopenta[b][1,4]diazepino[6,7,1-*h*]indoles as claimed herein.
